Dear Mr. Brown:

I enclose herewith, a copy of correspondence which I have received in response to your letter to me, from the Honourable Jake Epp. This would be the Minister's letter to you dated April 1, 1987, which is self-explanatory.

I have recently been contacted by constituents who also suffer from environmental health problems and I want to assure you that I will be pursuing this matter further on their behalf and yours.

Yours sincerely,

Alan
